Table of Contents

Editorials

Progress? Yes and No 9
The Outlook for 1930 9

Feature Articles

Reminiscences of a Well-known Oil Chemist
By David Wesson 11

The Nutritive Value of Mayonnaise
By E. M. Nelson 13

Photoelectric Color Measurements. By H. D. Ellsworth, M. Barnard and P. McMichael 15

Development of the Wood Rosin Industry
By E. V. Romaine 21

Lovibond Glass Standardization 25

Notes of The Industry 30
Abstracts: David Wesson, *Abstract Editor* 35
Market Report 37

Editorials

What is a Chemist? 49
A Test of Strength 49

Feature Articles

Oil Handling Facilities at the Port of Manila
By C. W. Geiger 51

Sardine Oil Color Standards. By P. W. Tompkins 55

Caps and Closures. By Jules Dommergue 59

Emulsions in Theory and Practice.
By John E. Rutzler, Jr. 61

The Margarine Industry of Europe.
By E. L. Thomas 65

Tariff Increases on Fats and Oils Defeated 69

Notes of the Industry 70
Abstracts: David Wesson, *Abstract Editor* 75
Market Report 77

Editorials

Butter *vs* Margarine 89
Juggling Credit 89

600683

Feature Articles

The Brazilian Babassu. By Alan Porter Lee 91

The Margarine Industry of Europe—Part II. By E. L. Thomas 95

World Trade in Soy Beans. By Felix T. Pope 98

The Use of Malt Sugar in Mayonnaise. By W. M. Brownell 99

The Composition of Porpoise Jaw Oil. By A. H. Gill and C. M. Tucker 101

Census Report for Fourth Quarter 1929 105

Notes of the Industry 107

Abstracts: David Wesson, *Abstract Editor* 113

Market Report 117

Editorials

The Chemical Age 129

Fools and Fortunes 129

Feature Articles

The Margarine Industry of Europe—Part III. By E. L. Thomas 131

Free Acid Important in Cottonseed Value Index. By G. S. Meloy 135

Oil Chemists to Meet in New Orleans 139

Cod Liver Oil and the Vitamin Theory. By Arthur D. Holmes 141

Senate Passes Tariff Bill 147

Notes of the Industry 149

Abstracts: David Wesson, *Abstract Editor* 153

Market Report 157

Editorials

Progress Through Fellowship 169

The Churn—A Symbol 169

Feature Articles

Oil Chemists' Annual Convention 171

Activated Carbons By John P. Harris and E. A. Sigworth 173

New Catalytic Hydrogenation By E. J. Lush 175

Grape Fruit Seed Oil—By G. S. Jamieson, W. F. Baughman and S. I. Gertler 181

Smalley Foundation Committee Report By H. C. Moore, *Chairman* 185

A. O. C. S. Committee Reports 189

Market Report 197

Editorials

The Times—and Business 209
Scientific Seed Grading 209
Whale Oil and History 210

Feature Articles

Oil Chemists Meet at New Orleans 211
Irwin Heads Chemists' Society 213
Nutrition Studies on Cottonseed Meal
By Henry Stevens 215
Food Supplies and the Cotton Crop
By David Wesson 217
Few Changes in Oil Tariff 219
Systematic Organic Analysis
By Willet F. Whitmore 221
Analytical Methods in Summary
By J. J. Vollertsen, *Chairman* 227

Census Report for First Quarter 231
Market Report 237

Editorials

The Situation in Europe—and Here 249
Junk 249

Feature Articles

European Oil Imports Decline 9000 Tons 251
American Oil Chemists' Treasurer's Report
By J. C. P. Helm, *Treasurer* 253
A Useful Constant for Oil Identification
By A. D. Barbour 255
Solvent Extraction—The New and Better Way
By David Wesson 258
Refining Committee Report
By C. B. Cluff, *Chairman* 259
The Analysis of Sulphonated Oils
By G. W. Priest 265

Notes of the Industry 269
Abstracts: David Wesson, *Abstract Editor* 273
Market Report 277

Editorials

Service to An Industry 289
Now—If Ever 289
Employes and Profits 289

Feature Articles

Analytical Methods for Cottonseed
By George S. Jamieson & Robert S. McKinney 291
California Olive Oil Studies
By P. F. Nichols and B. E. Lesley 295
Oil Chemists' Committee Assignments 297
Soap Section Committee Report
By A. K. Church, *Chairman* 299
A New Method for the Determination of Natural
Fat in Sulphonated Oils — By Ralph Hart 303

Notes of the Industry 309
Abstracts: David Wesson, *Abstract Editor* 313
Market Report 317

Editorials
The Year's Trend 329
What Is The Cost? 329
Feature Articles
Solid Fatty Acids
By W. F. Baughman and G. S. Jamieson 331
Oil Chemists Will Meet in Chicago 333
The Lipeometer Fat Test. By Robert Schwarz 335
Cottonseed Sample Preparation
By G. S. Meloy, *Chairman* 337
Uses of Fats Affected By Their Chemical Structure
By T. P. Hilditch 339
The Rapid Determination of Total Fat
(In Two Parts—Part I) By C. P. Harris 343
Mayonnaise Convention Plans 345
Notes of the Industry 349
Abstracts: David Wesson, *Abstract Editor* 353
Census Report for Second Quarter 355

Editorials
Business Standards 369
Chemistry—Ancient and Modern 369

Feature Articles
Cherry Kernel Oil
By G. S. Jamieson and S. I. Gertler 371
Oil Chemists' Chicago Meeting 373
Vegetable Oils Increase In Foreign Trade
(In Two Parts—By E. L. Thomas, Part I) 375
Candellila Wax Offers Profit Opportunities
By G. E. Govier 379
The Rapid Determination of Total Fat
(In Two Parts—Part II) By C. P. Harris 383
Soybean Crushers Adopt Ethics Code 395

Abstracts: David Wesson, *Abstract Editor* 393
Notes of the Industry 395

Editorials
Nationalism—or Progress 409
Subtle Sabotage 409

Feature Articles
Fall Meeting of Oil Chemists 411
Mayonnaise Products Convention 413
Vegetable Oils Increase in Foreign Trade
(In Two Parts—Part II) By E. L. Thomas 415

Para Rubber Seed Oil
By G. S. Jamieson and W. F. Baughman 419

The International Situation in Oilseed Crushing
(Part I) By Frank Messenger 423

Causes of Deterioration in Fats and Oils
(Part I) By W. L. Davies 427

Notes of the Industry 435

Editorials

Depression?—or Inattention 449

Europe Crushers to Cooperate 449

Feature Articles

Oil Chemists' Fourth Annual Fall Meeting 451

Causes of Deterioration in Fats and Oils
(Part II) By W. L. Davies 453

Shortening—Its Baking Function
By H. S. Mitchell 459

The International Situation in Oilseed Crushing
(Part II) By Frank Messenger 463

Census Report on Fats and Oils for Third Quarter 1930 467

Notes of The Industry 473
